c/o Woodman's Cottage,
Box Hill, Surrey.

My dear Professor Westermarck,

I wonder if you are at Box Hill still?

I have been to America recently, and have been very busy organising the Society of which I am enclosing you a membership form. Our Committee very much desires that you should join our Society, and we should particularly like you to become one of our Vice-Presidents. As you will see we have a very distinguished list of Vice Presidents, and to the printed list enclosed we have to add the name of Professor David Starr Jordan of America; we want very much to have yours also.

I hope very much if you are in England we may have the opportunity of seeing you over here before long. It must be a great relief to you to have your splendid book off your hands again.

With kind regards,

Believe me,
Yours sincerely,

Marie C. Stokes

My dear Professor Westermarck,

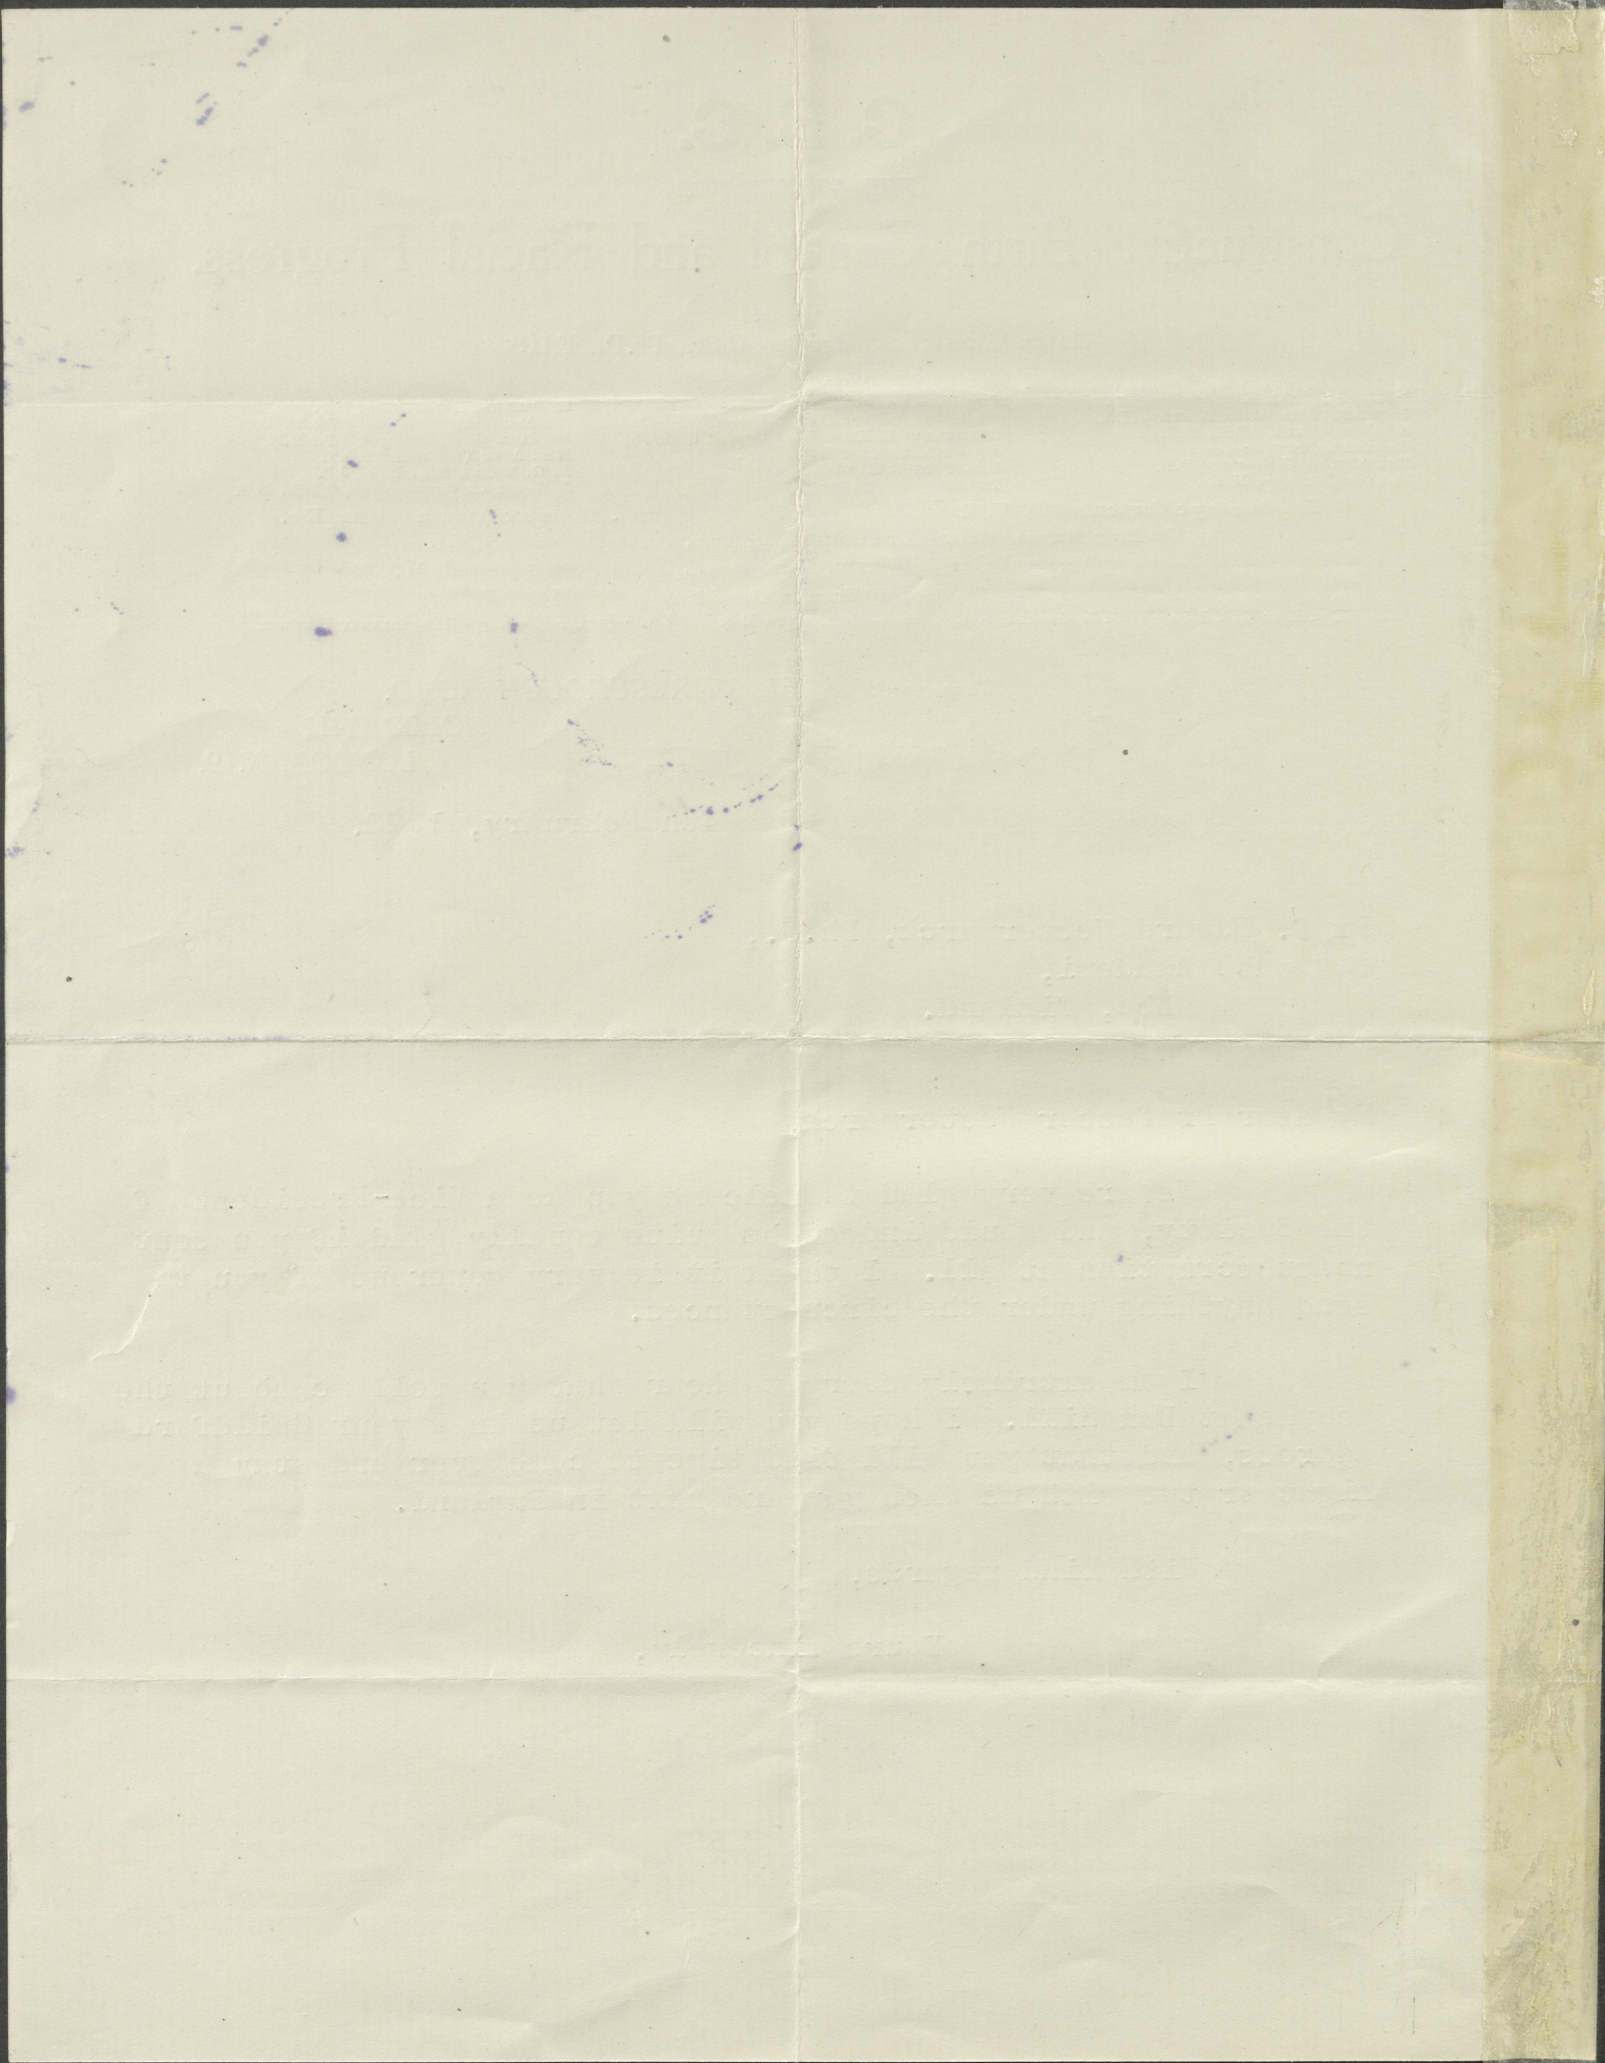

We are very glad to welcome you as a Vice-President of the Society, and would indeed be quite equally glad if you sent no subscription at all. I think it is very generous of you to send anything under the circumstances.

I am extremely sorry to hear what you tell me about the people at Box Hill. I hope you will let us know your Guildford address, and that you will find time to come over and stay a night or two with us when you are next in England.

With kind regards,

Yours sincerely,

PRIVATE.

Dear Prof. Westermarck,

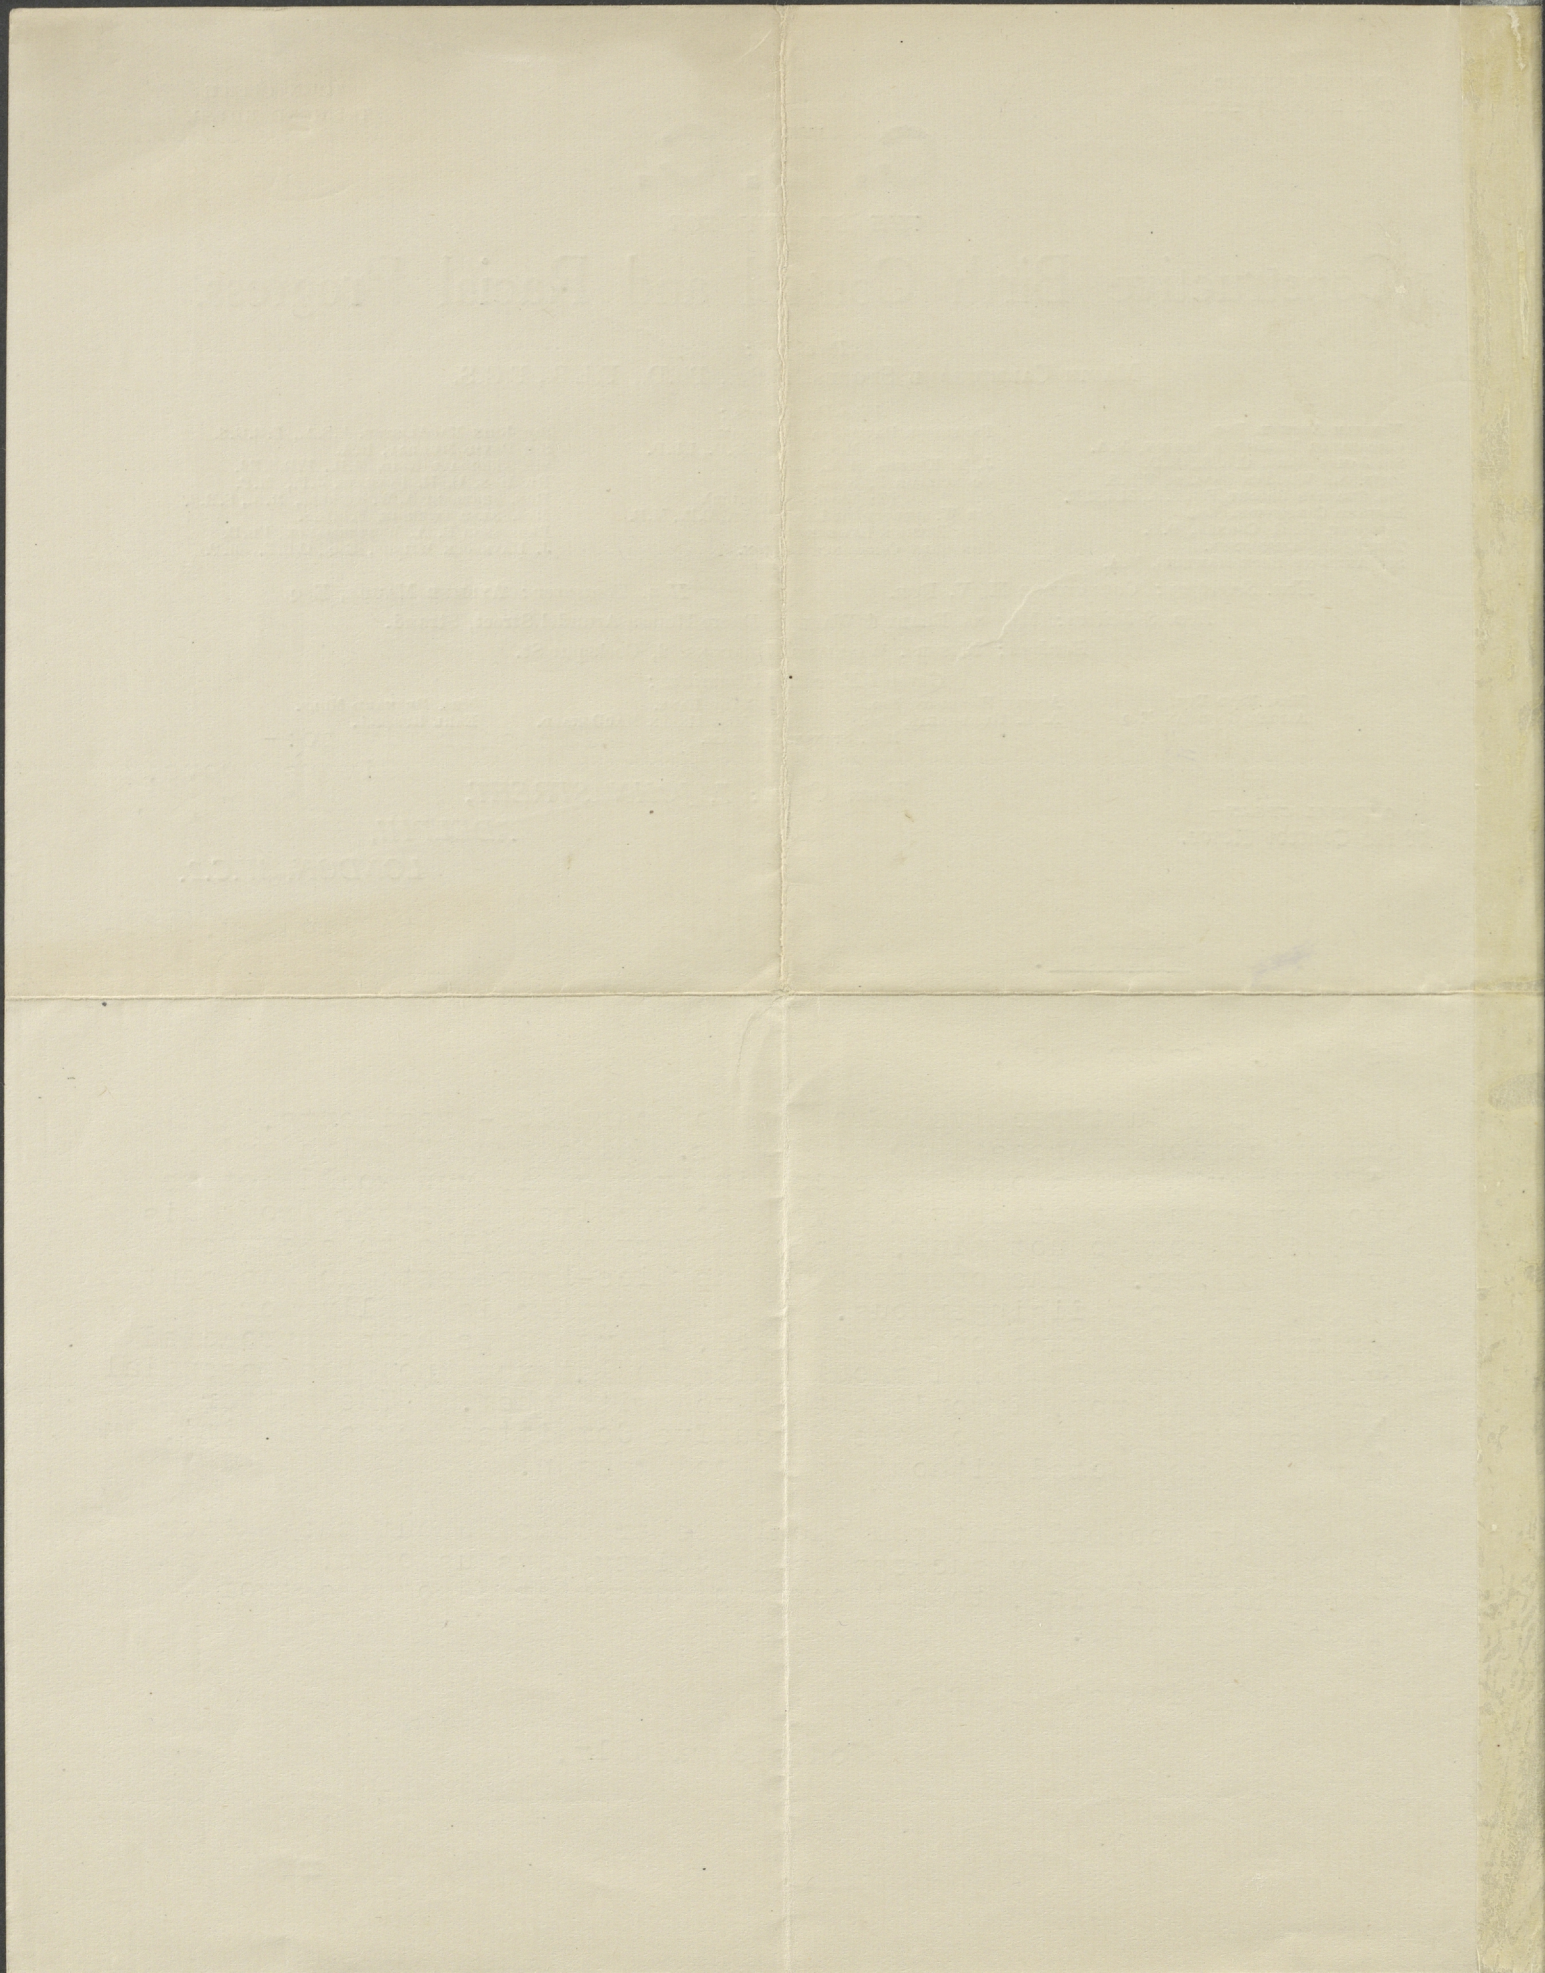

I have just received from one of our Vice-Presidents, a communication addressed to him by Mr. Wales from "Health and Efficiency", and should be exceedingly glad if you would let me know by return whether you have also received a letter from this man? If you do not mind, I should very much like to see the actual letter. The one sent to the Vice-President who has sent it on, was most disingenuous. As the matter is really more serious than appears on the surface, if you have been approached by this person at all, I should like to let you know the essential facts, but if not, I won't bother you with them. The matter has been in the hands of the Executive Committee for some time, and they have not acted without very good reason.

It is too bad that you should be troubled about the matter at all, but our very success as a Society lays us open, we are regretfully finding, to all sorts of unexpected bothers from plausible people.

With kindest regards,

Yours cordially,

Marie C. Stopes

Dear Prof. Westermarck,

I have consented to become chairman of the annual Spring Ball in aid of the Mothers' Clinics, to be held at Claridges on Wed. 18th of May.

Lady Bertha Dawkins who was generously our chairman in two years, is still a patron, as is Lady Baldwin & Miss Thelma Cazale M.P. I am glad to have Lady Elisham & Lady Diana Cooper as Vice-chairmen, & many of last year's Committee.

Since last year we have opened a Mother's Clinic in S. Wales where it is desperately needed, & we sincerely hope the good cause will enlist your support.

Will you be so kind as to join our Committee, & generously help by being a Patron & taking tickets.

We do all the work ourselves & have no "paid organiser" so every pound we make goes to the charity. This year it will be a dinner dance with many attractions, so we hope you will enjoy it as well as helping us to help the poor mothers.

Yours sincerely
Marie C. Stopes

My Dear Professor Westermarck,

Now that our Society has got bigger and so much nicer rooms, I am wanting very much to have a personal photograph of each of the Officers and Vice-Presidents of the C.B.C., and I hope so much that you will send us your own for that purpose. I have bought a nice uniform lot of frames, and we shall hope to have you represented by a photograph.

With kindest regards,

Yours sincerely,

Marie C. Stokes.
